SUMMARY

Creative, flexible and team-oriented Cambridge science graduate with strong people-skills, analytical mindset, and an endless passion for learning new technologies.

WEB DEV EXPERIENCE

- Completion of Harvard University Computer Science (CS50) module, which involved building projects independently in **C**, **Python**, **SQLite3**, **Javascript**, **HTML**, **CSS** and **Flask**, including a full-stack stock portfolio app.
- Building out a number of accessible, fully-responsive front-end web applications using professional-standard project briefs and Figma design files, a mobile-first workflow, semantic HTML, CSS and JS.

PROFESSIONAL EXPERIENCE

TRAINEE CLINICAL PSYCHOLOGIST | University of Oxford
Sep 2018 – May 2021 | Oxford, UK

- Working clinically and conducting research with patients with severe/ complex mental health problems.

RESEARCH FELLOW | Brighton & Sussex Medical School
Jan 2016 – Aug 2018 | Brighton, UK

- Experience coding experiments in MATLAB, and data pre-processing and analysis using Stata

EDUCATION & TRAINING

PhD PSYCHOLOGY | University of Sussex
Sep 2012 – Dec 2016 | Brighton, UK

- Utilised mobile apps to collect real-time micro-longitudinal mental state data, enabling modelling of factors predicting hallucinations.

MSc COGNITIVE NEUROSCIENCE | University College London
Sept 2009 – Jun 2010 | London, UK

MA NATURAL SCIENCES | University of Cambridge
Sept 2005 – June 2008 | Cambridge, UK
